DETAILED ACTION

Claim Objections

1. Claims 4-17 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim should refer to other claims in the alternative only and cannot depend from any other multiple dependent claim. See MPEP § 608.01(n). Accordingly, the claims have not been further treated on the merits.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-3 are rejected under 35 U.S.C. 102(b) as being anticipated by Kuturlash 1,799,050.

Regarding claim 1, Kuturlash '050 discloses a convertible vehicle with at least one flexible roof area supported by transverse hoops (15, 17, 21 and 23) lying in succession over its longitudinal course, which can be shortened in vehicle longitudinal direction with a movement component for opening by displacement of transverse hoops characterized in that at least one longitudinal guiding aid (27') is assigned to one transverse hoop for cooperation with a longitudinal guiding projection (20 and 22) of another transverse hoop pointing in its direction in Figure 2.

Regarding claim 2, Kuturlash '050 discloses the convertible vehicle according to Claim 1, characterized in that one longitudinal guiding and one longitudinal guiding aid each have

dimensionally stable parts that engage in each other and can move with respect to each other.

Regarding claim 3, Kuturlash '050 discloses the convertible vehicle according to Claim 2, characterized in that one engagement position exists both with closed and with open roof area.
